Contours Travel has been sharing the excitement and allure of Latin America with Australians for over 40 years. We're a Melbourne-based, family owned company who have operated under owner and director, Ted Dziadkiewicz, since 1975.

We're passionate about Latin America and proud to have maintained a keen focus on this part of the world for over 40 years. Some might call us a little bit obsessive- and we are! But Latin America is a vast, diverse and unrivalled destination that is worthy of such devotion. We are sure you will feel the same way after experiencing this fabulous continent for the first time.

We developed the Contours Collection Small Group Tours with the aim of creating authentic touring experiences for those who prefer the comfort and ease of escorted tours. Personalised service, genuinely small groups and leisurely-paced itineraries are what set us apart from many other operators. From the southern tip of Tierra del Fuego to Mexico's Copper Canyon and everything in between, we have extensive experience in designing unique and seamless itineraries that offer travellers the very best of this extraordinary continent.

## Authentic Experiences with Contours Travel

### Genuinely Small Groups

Our group departures have a maximum of 16 guests, which allows you to spend more time enjoying your adventure and receiving personalised service. Because we operate small groups, we travel in a less intrusive and more sensitive way that allows you to connect with people and places on an intimate level. A smaller group also means more opportunities to bond with your fellow travellers and create lasting friendships.

### Discovery Walk

Whilst you will see all of the main attractions, you will also be shown many hidden gems off the beaten track. Your Contours Travel Tour Director will be available to take you to their favourite spots on exclusive Discovery Walks throughout your tour.

### Stays of Distinction

Each hotel has been selected by our experienced staff for its ideal location and authentic character. Our selected hotels are all four or five star and offer memorable stays and excellent service.

### No Rushing

Our itineraries have been designed to ensure plenty of time to see the highlights, soak up the local culture and explore independently.

### Fulfilling Experiences

At Contours Travel we support a range of community-based initiatives including our exclusive partnership with the wonderful Agua Pura project. Not only will your visit give you an opportunity to meet locals, it also includes a donation to their ongoing projects. Look out for the "flower" marking the days in the itinerary where you will be involved with these Community Projects.

Ollantaytambo

# CONTOURS TRAVEL community projects

Contours Travel supports a number of initiatives throughout Latin America. Whether it is through direct loans, importing artisanal products or through supporting local development organisations, we are increasing opportunities for the people of this wonderful continent. Our exclusive partnership with Agua Pura is a fantastic way to get involved, however there are many other ways you can contribute.

If you would like to lend a hand to the villages in the Sacred Valley, Peru we encourage you to prepare a small Hygiene Kit to give away. This will be very helpful and it is very easy to carry with you in your luggage to provide supplies to the communities you visit. Let us know if you would like to collaborate and we will advise who you should hand it to once you get there.

Some of the things these communities need include: aspirin, band aids, gauze, antibacterial ointments, pain killers, soap, anti-diarrhoea medication, latex gloves, toothpaste, toothbrushes, feminine hygiene products, shampoo, tissues and more.

School supplies for the children including paper, pens, crayons, coloured pencils, notebooks, erasers, rulers, pencil sharpener, children's sandals/flip-flops, underwear for kids, T-shirts and clothing for cold weather, deflated soccer balls and more.

A Peruvian charity supporting various communities in the high Andes around the Sacred Valley of Peru. Their mission is to provide assistance in nutrition, health, education and conservation promoting long-term solutions.

Their first focus is to transform schools into a safe, happy learning environment for the children in each community.

Peru's Challenge welcomes you to spend time working and learning alongside local communities in the Cuzco area.

A not-for-profit branch of our Peruvian partner Condor Travel. Their pilot project is creating opportunities for local people: men have been trained as porters for the Inca Trail, literacy and textile classes have been offered to women, children are given education and health care. You are invited to help in a range of activities.

*The donation of the water filters to the Pumamarca community was so very special & we were very humbled to have done such a small thing that meant so much to them.*

- Mark & Jenny

*"We just had the best morning with Peru's Challenge. It was absolutely amazing to see everything they are doing for the communities & to see how much difference the water filters that Contours Travel are sending over are making. I was very lucky to have experienced it & the group absolutely loved it. Everyone agrees this has been the best day so far!"*

- Emma

Agua Pura Project delivering and installing water filters in schools at the Sacred Valley.

Exclusive to The Contours Collection is a unique one-of-a-kind Agua Pura Community Project Day. This inspiring experience allows you to present and assemble the 'Sawyer One' Water Filter in a remote community in the Andes, bringing improved health and well-being to families in need. Get to know the people in the village and share in their every-day activities.

The Sawyer PointONE™ water filter is a portable purification device that mechanically removes bacteria including E. Coli, Cholera and Typhoid. This low-maintenance device is capable of filtering over 1000 litres per day!

Agua Pura is the result of Contours Travel teaming up with the Rotary Club of North Melbourne and the Rotary Club of Cuzco to provide safe drinking water to communities in very remote areas, in and around the Sacred Valley and Cuzco.

**'We believe clean water should not be a luxury for the few, but a right for all people'.**

*Visiting Pumamarca was a very important & inspiring part of the trip... The group was very pleased to present the school with the water filters which will have such a positive impact on the health of the community & not just to simply visit it. We would definitely recommend this experience to fellow travellers.*

-Jenny & Richard

*It was truly an uplifting & positive experience to see the school working so well & the children so happy... We later participated in water filters preparation with the filters we had brought over from Australia. The Agua Pura experience gave us a glimpse of the people's & children's daily life.*

*Most definitely... it was the highlight of our trip.*

-Tom & Dianne

# Our World South America...

## **Peru**

South America's most visited country and one of our favourites! From the haute cuisine of Lima to the ancient cobbled streets of Cuzco, this is a country both steeped in tradition and revelling in modernity. The Sacred Valley of the Incas is one of the most picturesque places on earth - think terraced farmland, snow-capped peaks and brightly dressed Quechua men and women living as they have done since the times of the Inca.

## **Amazon**

One of the most iconic destinations in South America and one we believe deserves a longer stay. Watch monkeys swing through the magnificent branches of "the lungs of the world", marvel at lily-pads the size of your kitchen table, swim with pink river dolphins, fish for fearsome piranhas, capture dazzling sunsets and fall asleep at night hypnotised by the symphonic hum of the rainforest.

## **Bolivia**

Don't miss South America's most indigenous and traditional nation. Sun Island is the mythological birth place of the Inca Empire and a must for those wanting a deeper understanding of the Inca's myths and legends. Visitors are surprised by the arresting beauty of La Paz; the sight of the city spilling down the valley as you ascend the world's highest cable car is something you will never forget.

## **Chile**

Fabulous wine, world class cuisine and that magnificent Andes backdrop combine to make cosmopolitan Santiago a perennial favourite. Down south is where Chile really shines - from the Andean Lakes to Torres del Paine, Chilean Patagonia is a place of unrivalled wilderness and landscapes.

## **Brazil**

Few cities can rival the natural setting of Rio de Janeiro, fringed by Atlantic rainforest and edged with golden beaches. The city holds some of the iconic images of South America - from the famous statue of Christ the Redeemer to the flamboyant colours of Carnival. Heading south, we find one of Mother Nature's most awe-inspiring spectacles - Iguazu Falls.

## **Argentina**

Buenos Aires is a seductive blend of Latin American passion and European refinement. Join the locals for a late night steak and a glass of malbec before heading out to a tango show. During the day, stroll the city's myriad neighbourhoods, each with its own distinctive flavour and heritage. Perhaps Argentina's most evocative region, Patagonia offers some of the most stunning and remote landscapes on earth. Experience the tranquil beauty of Bariloche's mountains and lakes; and marvel at the dramatic peaks and glaciers of El Calafate and El Chalten.

There will always be more to see and do on a continent the size of South America. Our extensions to the Galapagos Islands, Andean Lakes and Southern Patagonia are just a few of the most popular options for those who have more time to spend exploring this wonderful and diverse land. Passengers who travel beyond the Treasures of South America will be cared for by our excellent team of locally based guides to ensure a seamless journey from start to finish. If you are interested in combining the Treasures of South America with any other region in Latin America please contact our expert consultants and we will help design your trip of a lifetime.

## **Ecuador**

A tiny country that has it all, Ecuador offers incredible wildlife, staggering volcanoes, colourful markets and South America's best preserved historic capital - Quito. The Galapagos Islands are one of the world's most unique and incredible destinations for wildlife lovers. A cruise on board the luxury Galapagos Legend allows you to experience an incredible diversity of species with expert naturalist guides on hand to ensure you get the most out of this enchanting archipelago.

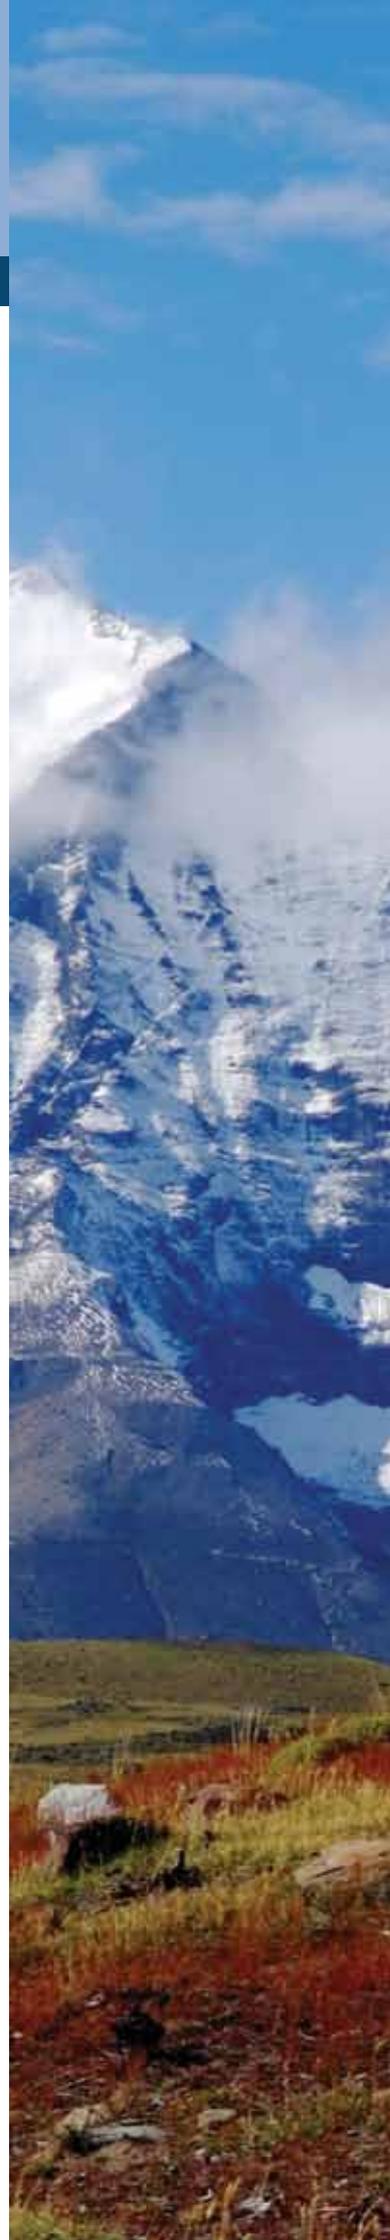

For those with a little more time, why not consider an overland journey through the Avenue of the Volcanoes. Highlights include Cotopaxi National Park, historic haciendas and the colonial city of Cuenca. Ask our expert consultants about the exciting Tren Crucero, a very special train journey through the Ecuadorian highlands.

## **Patagonia**

One of the most evocative places on earth, Patagonia is a region spanning Chile and Argentina and encompasses some of the most dramatic peaks, pristine wilderness and impressive glaciers in the world. This immense region also contains some of the most iconic wildlife of the Americas. The Andean condor, guanaco, rhea, viscacha, puma and Chilean flamingo are all found at the southern end of the continent.

Our extension options include the northern Patagonian region of the Andean Lakes, a serene landscape of snow-capped mountains, azure lakes and Swiss-style chalet architecture. The Andean Lakes Crossing takes you across a series of lakes, edged by volcanoes and ancient forests. The pretty villages of Bariloche and Puerto Varas are both excellent bases for more extensive sightseeing in the region.

Further south you have the magnificent Torres del Paine National Park. This is truly a trekker's paradise, but with the constantly changing light and the dramatic Torres soaring above, it is equally rewarding for photographers and nature lovers.

# Our World Mexico & Cuba...

## **Mexico**

Mexico boasts more UNESCO World Heritage sights than any other country in the Americas; Olmecs, Zapotecs, Toltecs, Mayas and Aztecs have all left their imprint on the modern face of this fascinating country.

Mexico City is sure to surprise you with the grand scale of its central zocalo, enormous Chapultepec Park and world-class Anthropology Museum. The bohemian district of Coyoacan is a delight with its cobbled streets, terraced cafes and the Frida Kahlo Museum.

We visit Puebla, famous for its talavera pottery; and the dazzling gem of Oaxaca, with its vibrant music and arts scene, colourful regional markets, world-renowned cuisine and the stunning beauty of the surrounding valleys.

In Chiapas you'll find San Cristobal, which boasts a pleasant highland climate, bustling markets and is surrounded by some of the most traditional indigenous villages in Mexico. The magnificent jungle-swathed ruins of Palenque are another reason Chiapas frequently tops the list of Mexico's most popular states.

The Yucatan Peninsula yields a wealth of natural and man-made wonders; Uxmal, Kabah and Chichen Itza ruins are reminders of the heights Mexico's ancient empires reached. The stunning Riviera Maya offers a relaxing and welcome respite from the hot interior, with spectacular white sandy beaches and turquoise Caribbean waters.

## **Cuba**

Havana, with its UNESCO World Heritage listed historic centre, is the Caribbean's largest and most vibrant city. The crumbling facades of once grand colonial mansions line the cobbled streets; vintage Chevys, Buicks and Cadillac's jostle for position along the Malecon. Sip Havana Club rum and listen to the sounds of salsa, mambo and samba or head to the Conde de Villanueva for a Cuban cigar as you absorb the sights and sounds of this fascinating fusion of African and Spanish cultures.

Of course, there is more to Cuba than the capital. Admire French influenced Neoclassical architecture of the 'Pearl of the South', Cienfuegos, as you stroll along the Malecon for a sundowner at Punta Gorda. Step back in time as you wander the cobbled streets of Trinidad, perhaps the best preserved of Cuba's colonial cities. Learn about the history of sugar production and the slave trade in the picturesque Sugar Mill Valley.

A must for history buffs is a visit to the mausoleum of revolutionary hero Che Guevara in Santa Clara for a taste of Cuba's political fervour. This is the ideal place to learn about the legacy of the Cuban Revolution and the legend of Ernesto 'Che' Guevara.

Heading west, you'll discover the quiet natural beauty of the Viñales Valley, rich in tobacco and coffee plantations, and with striking karst mountains creating an unforgettable landscape. Hike or bike through the Cuban countryside, stopping along the way to visit local farmers and perhaps sample the delicious local produce.
